## ABOUT US

**Central Construction Group Limited** is an industry leader in Civil Engineering, Road Construction and Rehabilitation works.

**Central Construction Group Limited** has been in construction for the past 5 years and has completed projects that encompass the full spectrum of civil engineering services. These include road construction, infrastructure development, parking area construction, road rehabilitation, bulk earthworks and surfacing.

Our site management teams are dynamic, skilled and have very good experience in all facets of civil engineering construction. We take pride in delivering successful projects on time, within budget and to the highest quality standards.

We have a large plant holding that ensures capacity for and continuity of all projects, from small to large. A rigorous company-wide training regime not only ensures quality at all levels, but effectively up-skills and uplifts our staff, local population and sub-contractors. Our clients include governments, local authorities, corporate groups and property developers.

# MISSION, VISION AND CORE VALUES

## Vision

**Central Construction Group Limited** vision is to be the leading construction company and equipment hire in our chosen markets, sought after by potential clients and employees for our track record in reliable execution, cost effectiveness, and world class technical sophistication. To be a priority reference in the sector where we operate, aligned with the best market practices on a production level, with a permanent innovation and strong identity, recognized in technical skills by providing a service of excellence to our clients and to the construction community.

## Mision

- To perform for our customers, the highest level of quality construction services at fair and market competitive prices.
- To ensure the longevity of our company through repeat and referral business achieved by customer satisfaction in all areas including timeliness, attention to detail and service-minded attitudes.
- To maintain the highest levels of professionalism, integrity, honesty and fairness in our relationships with our suppliers, sub contractors, professional associates and customers
- To deliver top quality and durable structures within a reasonable time-frame and the sustainability of the best working conditions for our employees, as well as their satisfaction, as the first vector of our social responsibility.

# VALUES
